

NAZARENE MESSENGER

VOL. XVI, No. 5

MAY 1933

The Twentieth Commencement

Intermittent rain and this semester's six-day-week plan failed to make the twentieth commencement at N. N. C. any less enthusiastic, well-attended, or spiritual than any preceding commencement. In fact, as we always like to believe, it was the best one yet.

The last prayer meeting and the last chapel service were especially hallowed gatherings. These are always the times that tug at heart-strings and bind the loyalty of young people to the college and its teachings for life.

This year's commencement was unique in that it featured no "imported" speakers. Dr. Winchester preached a masterful Baccalaureate sermon Sunday morning at the church. She pointed out some of the shadows that are creeping over our present-day life and recommend-

ed the religion of Jesus Christ as the solution of our modern problems.

Our own Brother Plumb, pastor at Walla Walla preached the annual sermon Sunday evening.

The crowning event of the school year 1932-1933 was Commencement Night. Diplomas were given to twenty from the College department, twenty-nine from Normal, sixteen from the High School, seven from the Training School. President Gilmore delivered the Commencement Address, "Overcoming the World." He defined the world as "that which tempts a man away from his duty."

Looking back over this short week, we can only say, "It is good to have been there." And we who are leaving Northwest Nazarene College try hard to stifle our regrets and take a desperate leap into the future outside the protecting walls of our Alma Mater.

Alumni Banquet

Ninety-five Alumni members, incoming members, and guests attended the annual Alumni Association banquet in the Club, on the evening of May 6. The toastmaster, John Dean '25, A. A. President, 1933-34, introduced the program featuring the "New Deal". This New Deal motif appeared in speeches, in amusing recommendations for membership offered for seniors of '33, and in the menu. Enjoyable musical numbers were presented by Lauren Irwin '25, and Mrs. John Dean '25.

At the Alumni Association annual business meeting, held May 6, further definite plans were made for the establishment of an Alumni Association Loan Fund to aid N. N. C. students. The following officers were elected to serve during the coming year.

President—*John Dean '25*
Vice President—*Audrey Phillips '25*
Secretary-Treasurer—*Alice Cary '32*
Alumni Editor—*Helen Gustin '33*

Spring Revival

Our spring revival closed a short time before Commencement. We were very fortunate to have as evangelists Rev. and Mrs. Jarrette Aycock, who are splendid young people's workers. Brother Aycock's practical sermons at the chapel hour helped and blessed needy hearts. Many students who had failed to find God earlier in the year came to know and love Him.

An unique feature of the campaign was an altar call urging the sanctified who had lost the zeal from their experience, to draw closer to God.

The blessed Holy Spirit manifested Himself in mighty power and conviction.

What sculpture is to the block of marble, education is to the human soul.—Addison.

The end of education is to train away all impediment; and to leave only pure power.—Woodrow Wilson.

It has been well said that an educated man has a sharp ax in his hand, and an uneducated man a dull one. I should say that the purpose of a college education is to sharpen the ax to the keenest edge.

The Offer of the College

To be at home in all lands and ages; to count Nature a familiar acquaintance, and Art an intimate friend; to gain a standard for the appreciation of other men's work and the criticism of your own; to carry the keys of the world's library in your pocket, and feel its resources behind you in what ever task you undertake; to

make hosts of friends among the men of your own age who are to be the leaders in all walks of life; to lose yourself in generous enthusiasm and co-operate with others for common ends; to learn manners from students who are gentlemen, and character from professors who are Christians, this is the offer of the college for the best four years of your life. -*Dr. Hyde.*
